

ACTION LEADERS OF TOMORROW

“The promise of tomorrow is created from
OUR actions today”

Master Nery

We at Action Martial Arts build leaders; it's our passion and our mission. Through the establishment of the **Action Leaders of Tomorrow Foundation**, our award winning leadership training can now be available to financially disadvantage students through our generous grant program.

Action Leaders
Of Tomorrow

A.L.O.T LEADERS

GRANTS NOT GIFTS

There is no reward without hard work.

Aside from the physical development from martial arts, at the core of the sport is a long history of leadership. Training and team development has been built on an ancient system of values and traditions.

A.L.O.T + You = Success

Upcoming events to help support the foundation: 100% of the revenue from these events helps to support the foundation.

- Board-Break-A-Thon
- 11th & 12th Anniversary Carnivals

"When the water rises, all boats rise together."
Master Nery

Although the A.L.O.T foundation is new, the program is already providing full tuition to 3 students. "It has been exciting for us as teachers to watch these students progress and how their commitment grows after receiving a grant", said Mr. Verneau, 3rd degree black belt and Certified Instructor.

The principals and values we teach in Leadership are often established in life, however experiencing them in a structured program exemplifies these values and creates lasting memories. Through our Action Leaders of Tomorrow Foundation (A.L.O.T) we look forward to creating extraordinary leaders out of disadvantage students year after year.

Help us give more kids the opportunity to develop into their strongest potential. Take **ACTION** today; volunteer your time, participate in our fundraising functions or simply help provide funding. Any effort is appreciated.

Sincerely,
Master Leonardo Nery and the entire Action team

BE THE CHANGE YOU WANT TO SEE IN THE WORLD. GANDI
